

Testimonial for Zealous MediSpa
November 3, 2010

I have been going to Zealous MediSpa for 7 weeks doing the Ideal Protein Diet. I can tell you it is fantastic. I have reached my goal of 25 lbs in just 7 weeks. The program is easy to follow, fast and I never felt hungry. All the ladies at the Spa have been just terrific. They always make me feel welcome and do what ever they can to help me. They are so encouraging and praise you when you walk it. It is such a nice feeling! They really are there to support you 100% along the way. The SPA is very clean and inviting. I have had several treatments and all of them have been done very professionally.

Thank you to everyone at Zealous Medi Spa for helping me feel and look better and on my way to a Healthier/Happier Life.
